

PEXIP CONNECT FOR

Government

FedRAMP® and StateRAMP® Authorized Cloud Video Interop for Microsoft Teams. Industry-leading SIP/H323 to Teams interoperability employing IL2 security.

Authorized for use in U.S. Federal, State, and Local Government

Bridge the gap between Microsoft Teams and existing SIP/H323 video conferencing solutions and join any Teams meeting from any room or device. Pexip Connect for Government provides a Teams-like experience no matter what video conferencing system you use to join the meeting. It provides Teams-specific functionality such as a familiar Teams-like look and feel, on-screen notifications such as transcription, recording started, raised hands, and more—even on older video systems your agency has. Pexip Connect for Government ensures compliance and is the only Authorized Cloud Video Interop (CVI) solution for Government use.

FedRAMP® and StateRAMP® Authorized

Pexip Connect for Government is a Cloud Service Offering (CSO) Authorized by the General Services Administration (GSA).

Cloud Video Interop for Microsoft Teams

Pexip Connect for Government is the only Authorized CSO providing interoperability between Microsoft Teams and standards-based SIP/H323 video conferencing devices.

Enable Zero Trust and SASE

Pexip enables secure integration with enterprise 3rd party applications and global policy frameworks such as Zero-trust Architecture and Secure Access Service Edge (SASE)

Secure and authorized Cloud Video Interop for Government
