# One-Touch Join Installation

Pexip One-Touch Join allows any individual and any meeting room to instantly join any meeting with a single touch. Whether you are using Pexip, Microsoft Teams, Skype for Business, Google Hangouts, Cisco Webex Teams, BlueJeans or Zoom, One-Touch Join creates a single, seamless joining workflow for any professional video meeting\*.

## Join with a single touch!

With Pexip Professional Services, your Pexip Service partner can enable the One-Touch Join feature for your end-users quickly and efficiently. Enabling One-Touch Join requires a basic installation of Pexip Infinity software in your own data center or chosen cloud facility such as Microsoft Azure, Amazon Web Services or Google Cloud Platform. Pexip will ensure the successful installation and integration through the use of its highly trained and experienced technical experts.

**A Pexip Professional Services Engineer will oversee the entire process for you.**

## Benefits

**Quality** – Every installation is performed to exacting quality standards

**Speed** – Optimized delivery and deployment process

**Value** – A fixed-price, fixed-deliverables service

## This service includes:

Remote installation of Pexip Infinity

Configuration for two meeting types; choose from Pexip, Microsoft Teams, Skype for Business, Google Hangouts, Cisco Webex Teams, BlueJeans, Zoom or GoToMeeting

Integration with company calendar service

Testing against a standard test plan

Basic administrator training
