Accessibility statement for WebApp 3

This accessibility statement applies to WebApp 3 with default branding. Customers are free to create their own brandings but the responsibility for ensuring accessibility then becomes shared by the customer.

This website is built by Pexip and part of the product Pexip Infinity. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

How accessible this website is

The website has been tested and found to be fully accessible and in line with the Web Content Accessibility Guidelines (WCAG) 2.2, Section 508 and EN 301 549.

Feedback and contact information

If you find any problems not listed on this page or think we're not meeting accessibility requirements. Feedback can be sent to: accessibility@pexip.com

Or by contacting your Pexip representative. We'll consider your request and get back to you as soon as possible.

Technical information about this website's accessibility

Compliance status

This website is compliant with the [Web Content Accessibility Guidelines version 2.2](#) AA standard, Section 508 and EN 301 549.

Preparation of this accessibility statement

This statement was prepared on 01/07/2025. It was last reviewed on 01/07/2025.

This website was last tested on 27/06/2025. The test was carried out by Zoonou.

Zoonou used [WCAG-EM](#) to define the pages tested and test approach.
